[Writing Prompt Ideas](#)

Look at the prompts under the link, use these as a starter for some writing ideas.

- Brainstorm ideas
- Plan/research for your writing
- Write a first draft
- Read it back to yourself and edit

Choose the appropriate level for your child. [Sunshine Online](#).

Logon as student:

Username: rrs123

Password: rrs123

[Typing Club](#)- Typing practice

Maths

[Prototec](#) - Basic facts practice where children can select their appropriate maths stage.

[E-ako](#)- Each student has a school login following this format-
Username: GDavis10 (first initial, surname, 10)
Password: eAko01 (same for every child)

[Scratch Coding](#)- allows students to create their own interactive stories, games and animations

[Chess Kids Club](#)

Inquiry

Research some phenomena in space that you are curious about. Investigate what makes it unique. Create a poster/project about a an interest you have. and present your findings to someone in your family. Check out the following:

[Space Place](#)
[NASA for Kids](#)

[Nano Girl](#) - Science experiment videos you can do at home. Record how it went and what you learnt
